2. If an AI action fails, its credits are returned to your balance automatically.
3. Credits have no cash value. They cannot be exchanged for money, transferred to another account or sold. Unused credits are not refunded by us, except where the law requires it.
4. Credits belong to your account. When the account is deleted, its credits are lost.
5. The app shows your balance, when credits expire and where your credits went.
6. We may change plan contents, credit amounts and credit costs in the future. Changes never affect a period you have already paid for. We will announce changes in the app at least 10 days before they take effect.

7. PAYMENT, RENEWAL AND CANCELLATION

1. All purchases in Garmio are made through Apple’s App Store. Payment is charged to your Apple Account when you confirm the purchase. We never receive or store your card details.

2. **Subscriptions renew automatically.** A subscription renews at the end of each period (a month or a year) at the price then in force, unless you turn off auto-renewal at least 24 hours before the period ends. Your Apple Account is charged for the renewal within the 24 hours before the period ends.
3. **How to cancel.** On your iPhone, open Settings → [your name] (Apple Account) → Subscriptions → Garmio, and cancel there. You can also reach this screen from Manage subscription in Garmio. After you cancel, the plan stays active until the end of the period you have paid for.
4. **Deleting your Garmio account does not cancel your subscription.** Cancel it in your Apple Account settings as well.
5. **Changing plans.** Upgrades, downgrades and switches between monthly and yearly are handled by Apple under its rules. As a rule, an upgrade takes effect at once, and a downgrade takes effect at the next renewal.
6. **Billing grace period.** If Apple cannot take a renewal payment, your plan stays active for up to 16 days while Apple tries again. If payment still fails, the plan ends and the account moves to the Free plan.
7. **Refunds.** Apple handles refunds under its own rules. To request one, go to reportaproblem.apple.com. If Apple refunds a purchase, the credits it gave are removed from your balance.
8. Nothing in these Terms limits the rights you have as a consumer under the law of the Republic of Uzbekistan.

8. INVITATIONS

1. You can invite friends to Garmio with your invite code or link.
2. A friend must enter the code within 7 days of signing up.
3. When the invited friend pays for a plan for the first time, both of you receive bonus credits 7 days later, provided the payment has not been refunded. The bonus depends on the friend’s plan: 88 credits for Plus, 250 for Pro and 400 for Max.
4. Bonus credits are valid for 90 days.
5. Invitations are for real people you know. Self-invitations, fake or duplicate accounts, invitations for payment, spam, and any other abuse void the rewards. We may cancel rewards obtained this way and restrict the accounts involved.

9. YOUR CONTENT

1. **You keep your rights.** Your photos and other content remain yours.

2. **Licence to us.** You give us a non-exclusive, royalty-free, worldwide licence to store, process, copy, adapt and show your content. This includes creating try-ons and other generated content from it and passing it to our service providers. We use this licence only to run Garmio for you and to show your content to the people you choose. The licence ends when you delete the content or your account. Copies in backups may remain for a limited time, as the Privacy Policy explains.
3. **Your promises.** You confirm that:
   - you own the content you upload, or have the right to use it;
   - selfies and photos used for try-ons show you, or an adult who has agreed to this use;
   - your content does not break the law or anyone else's rights, including copyright, trademarks and the right to one's own image.
4. **Model training.** We do not use your photos, selfies, chats or generated content to train AI models. Our AI provider, Google, does not use data sent through its paid Gemini API to improve its products. See the Privacy Policy for details.

10. AI AND GENERATED CONTENT

1. Try-ons, covers, backdrops, enhanced pictures and Garmio AI's replies are made by AI. They can be inaccurate. A try-on is an illustration, not a photograph. Fit, size, colour, fabric and how a garment looks on you in real life may differ.
2. Garmio AI's advice is general style advice for information only. It is not professional advice of any kind, such as medical, health or financial advice. Decisions you make based on it are your own.
3. Images generated with Google's Gemini contain SynthID, an invisible digital watermark that marks them as AI-made. Do not try to remove or bypass it.
4. We do not claim ownership of the generated content made for you. You may save it and share it for any lawful purpose. Do not present a generated image as a real photograph in order to mislead anyone, and do not use it to harm or deceive anyone.
5. When Garmio AI searches the web, results come from third-party shops and websites. We do not sell those goods and are not a party to any purchase you make. Prices, availability and descriptions are the shops' responsibility.
6. Generated content of a similar kind may also be produced for other users. AI providers may refuse a request that breaks their rules. In that case your credits are returned.

11. COMMUNITY RULES

12. MODERATION, REPORTS AND BLOCKING

1. We check content to keep Garmio safe. Some checks are automatic, and some are done by people on our team.
2. You can report a person, a story or a comment in the app. Reports are anonymous: the person you report is not told who reported them. You can block anyone. A blocked person cannot see your wardrobe or stories and is not told they were blocked.
3. If content or behaviour breaks these Terms, we may do any of the following: remove the content; issue a warning; limit features; suspend or close the account.
4. We will tell you in the app about a restriction and why. You can appeal from the app, and we will review your appeal.
5. If an account is closed for a serious or repeated breach, its unused credits are lost, to the extent the law allows. Paid subscriptions must be cancelled through Apple.
6. We may report illegal content to the competent authorities when the law requires it.

13. INTELLECTUAL PROPERTY

Garmio belongs to us or our licensors. This covers its code, design, name, logo, fonts, illustrations and texts. These Terms give you only the right to use the app described in section 3. Brands and

product names shown in the app belong to their owners.

14. THIRD-PARTY SERVICES

Garmio works with services of other companies, such as the App Store, Sign in with Apple, Google Sign-In and the shops Garmio AI links to. Their own terms apply when you use them, and we are not responsible for how they work. Links to other websites are for convenience only.

15. APP STORE TERMS

If you downloaded Garmio from the App Store, the following also applies:

1. This agreement is between you and us, not Apple. We, not Apple, are solely responsible for Garmio and its content.
2. Your licence is limited to using Garmio on Apple-branded products that you own or control, as the App Store Usage Rules permit. Other accounts associated with you through Family Sharing or volume purchasing may also use it where the Usage Rules allow.
3. We alone are responsible for maintenance and support of Garmio. Apple has no obligation to provide any maintenance or support.
4. If Garmio fails to conform to an applicable warranty, you may notify Apple, and Apple will refund the purchase price of the app, if any. To the maximum extent the law permits, Apple has no other warranty obligation with respect to Garmio. Any other claims, losses, liabilities, damages, costs or expenses caused by a failure to conform to a warranty are our responsibility, to the extent these Terms do not exclude them.
5. We, not Apple, are responsible for addressing any claims by you or any third party relating to Garmio or your possession and use of it. This includes:
   - product liability claims;
   - any claim that Garmio fails to conform to any applicable legal or regulatory requirement;
   - claims arising under consumer protection, privacy or similar laws.
6. If a third party claims that Garmio or your use of it infringes their intellectual property rights, we, not Apple, are responsible for the investigation, defence, settlement and discharge of that claim.
7. You confirm that both of the following are true:
   - you are not located in a country that is subject to a U.S. Government embargo, or that the U.S. Government has designated as a “terrorist supporting” country;
   - you are not listed on any U.S. Government list of prohibited or restricted parties.
8. Questions, complaints and claims about Garmio go to us, using the contacts in section 22.

9. When using Garmio you must comply with applicable third-party terms, such as your mobile carrier's terms.
10. Apple and its subsidiaries are third-party beneficiaries of these Terms. Once you accept these Terms, Apple has the right, and is deemed to have accepted the right, to enforce them against you as a third-party beneficiary.

16. AVAILABILITY

1. We work to keep Garmio available and working well. However, it is provided "as is" and "as available". Interruptions can happen, for example for maintenance, because of network problems, or because of failures at our providers.
2. Back up anything that matters to you.

17. LIMITATION OF LIABILITY

1. To the extent the law allows, we are not liable for indirect losses or lost profits. We are also not liable for losses caused by any of the following:
   - inaccurate generated content;
   - content of other users;
   - third-party shops and services;
   - interruptions that are not our fault.
2. To the extent the law allows, our total liability to you is limited to the amount you paid for Garmio in the 12 months before the claim.
3. These limits do not apply to harm caused intentionally or through gross negligence, or where the law does not allow liability to be limited. In particular, they do not limit your rights under consumer protection law.

18. FORCE MAJEURE

Neither side is responsible for failing to perform these Terms because of circumstances beyond its reasonable control. Examples include natural disasters, war, acts of authorities, large-scale power or network outages, and failures of the App Store or of our infrastructure providers.

20. CHANGES TO THESE TERMS

1. We may change these Terms. The new version is published at vibeapp.uz/terms with a new date.
2. We will tell you about important changes in the app at least 10 days before they take effect.
3. If you keep using Garmio after the changes take effect, you accept them. If you do not agree, stop using Garmio and delete your account.

21. GOVERNING LAW AND DISPUTES
